

South Seas Spas

Deluxe Class

South Seas Spas are built to the same world-class standards of quality May Manufacturing is world renowned for.

The Deluxe and Standard spas are as unflinching in quality as they are in efficiency. These spas are chosen and purchased by some of the most discriminating buyers because of the aesthetic appeal

and attractive features not found in other spas. Designed with an ideal combination of innovative engineering and artistry, South Seas Spas are in a class of their own.

Features

Dynastar Multiple LED Lighting

The beautiful LED lighting system illuminates the texture and detail of the spa's interior. This LED light system can be set on one favourite colour, or the colours can slowly fade into one another, creating a truly

spectacular light show. 3 small lights, 1 large light and light up water feature.

*Note: Standard on Deluxe Class.
Optional on Standard Class.*

Pillowfall

South Seas Deluxe spas come standard with the serenity-enhancing pillowfall water feature. Pillowfalls provide a constantly available source of visual and auditory tranquillity. Water pours from the spa pillow, creating a soothing waterfall with all its tranquil effects. Simply enjoy the serene sound of the falling water or nestle under

and feel the warm water sweep down your neck and back. Plus, with the LED lighting system, the Pillowfall is infused with LED light.

*Note: Standard on Deluxe Class spas.
Optional on Standard Class.
(Not available on 518P).*

Stainless Steel Escutcheons

Elegant, glimmering accent and corrosion resistant.

Note: Standard on all spas

ArcticPac Insulation

Foamed shell and plumbing combined with the reflective radiant barrier provides excellent insulation in any climate.

Note: Standard on all spas

Large 5" Jets

The larger jets provide a high volume of water to massage large muscles in the body. The midsize jets are strategically placed in small groups in the spa to massage muscles such as calf, hamstring, deltoids, biceps, and triceps. The smallest jets are placed in large groupings to massage larger regions of the body, such as the entire back. As a complete system, four to five different sizes of jets are featured in every South Seas Spa model.

Note: 5" jets are Standard only on select Deluxe Class spas. Not available on Standard Class.

Maintenance Free Cabinetry

Beautiful, long-lasting PermaWood is a standard option that add years of maintenance-free life to your spa. Maintenance free cabinetry will not rot, rust, warp, deteriorate or require replacement. Panels are made of a durable, synthetic material that can withstand the harshest weather conditions, including snow, humidity, rain, sleet, and heat. This all-weather durable, fade and stain resistant PermaWood cabinet requires no painting or staining. Easily clean-up these cabinets with soap and water, if necessary. Best of all, no trees required!

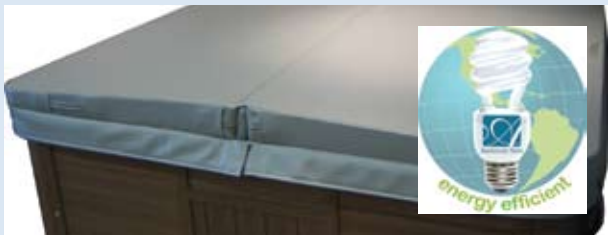

Note: Standard on all spas.

Neck Jets

Soothe your neck and shoulder pain with the South Seas neck jets. This innovative design features two powerful jets that relieve tightness and relax muscles.

Note: Standard only on select Deluxe Class spas.

Deluxe Spa Cover

The foam cores are virgin, polystyrene foam, that is tapered from 100 to 60mm to allow water to run-off. Built to withstand the effects of sun & weather, saving energy with lower total cost of ownership.

Note: Standard on all spas.

ABS Bottom

ABS base is a sealing for the bottom of your spa. Unlike traditional spas that only use plywood, an ABS bottom will not rot and protects your spa from the elements and rodents.

Note: Standard on all spas.

Optional Features

Symphony Stereo System

- Waterproof AM/FM & CD Player
- IPOD / MP3 Adapter
- Sub-woofer
- 4 Marine-grade Speakers

Basic Stereo System

Full Foam Insulation (Optional)

South Seas full foam provides the most efficient heat retention available in any spa. The Icynene brand of full foam secures plumbing to the shell for longer plumbing life and conforms to all curves and spaces to provide a seamless air barrier. Increasing the durability of the structure, the foam provides consistent R-value to the spa.

Ozone with Mazzei Injector

Ozone provides additional water treatment and requires fewer chemicals to be added to the spa's water and purifies water faster than chlorine.
